## Why I am a “Nazi”

The author of this article was recruited by the NSDAP/AO in early 2014 and immediately became an extremely valuable co-worker. This National Socialist comrade played a key role in our Video Project in the spring of 2014, which, in turn, enabled the *NS NEWS BULLETIN* expansion the following spring.

No one is more surprised than I am to find myself a late-life convert to an ideology that has been so maligned as to be popularly understood as the most evil thought-crime possible and the brain-child of the most evil man to walk the earth, National Socialism and Adolf Hitler.

I have, throughout my life, been a devout worshipper of the truth, where ever it may be and in whatever form it may take. This has led me down some interesting paths in life. Sometimes these paths have been reviled by family members who were not so honest in their dealings and certainly made it increasingly difficult to work in a world that is increasingly corrupt and soulless. I have finally come to a point in life where I am of an age and physical state that work is impossible, but the shining

truth, in all its glory, still abides in me and the actions I choose to take. I have found it a worthy and faithful companion through life.

One thing I have found out about the truth is, while it lives in one heart, it does not die. It takes no special supports and complex of lies and subterfuges to not only exist, but thrive and prosper. In fact, no system of justice and laws can be considered viable without it. In essence, it has the characteristics of fire and air, earth and water. It is very much like a force of nature, but it abides in the human heart. Conversely, any enemy of the truth is ultimately doomed, just the sheer amount of energy required to hide it is unsustainable over the long term. The handmaiden of truth is “unintended consequences,” otherwise known as “homeostasis,” another force of nature. In the broader view of things, truth and reality-as-it-is must prevail.

The ground of National Socialism is the immutable laws of nature, and thus truth is of inestimable value for it can only be defined by those laws. Our understanding of truth only changes if we were mistaken about the laws of nature. The wise man or woman thus revises his or her understanding of truth to comply with his or her observations of nature. When these understandings are correct and align with these forces, we call these inalienable truths. When we err, we have the duty to revise accordingly or suffer the consequences designed for those who deny nature and life.

I, like most persons today, was educated by the Marxist-controlled public educational system. This fanatical anti-life and anti-nature, and by definition anti-truth, and false religion is a human-made demon that requires tremendous amounts of energy in the form of human support, to exist. To go against the very currents of life and nature itself takes tremendous amounts of human denial, fear, and lies. Such a system must necessarily run inefficiently and have human-designed consequences that are feared more than death itself. Only mediocrity can remain. Any system of true merit is, in spirit, counter to this monster. I found myself at root completely incompatible with such lies and subterfuge.

The myth that the majority support this anti-truth, anti-merit, anti-life behemoth keeps many people in silent complicity. The very best in athletics and scholastics of our race know something is terribly wrong for they are in a position to see it most clearly. Today, the best are punished. Tomorrow, they may be taken out and shot. To question this human-enforced order of things is unforgiveable, yet, unavoidable for the best of minds. It is not hard to see that the world has somehow been turned upside down. Wrong has become right. The future dystopia is upon us.

When a questioning mind like mine confronts what it has been told is pure evil in National Socialism and really looks into it—say, it reads *Mein Kampf* and does

not find the ravings of a madman, but the measured observations of a brilliant political mind, it can only wonder what other lies have been told. Looking deeper into the newsreel footage of the time reveals a clean and orderly National Socialist society that is happy and fruitful. That greatest of evil men who walked the earth does not hide behind bullet proof shields, but walks freely among the people who are radiantly happy and healthy. His confidence is palpable. This contrasts sharply with the misery of our current age and the politicians who lie and hide behind shields and only make controlled appearances in scripted environments. And to think this is what the allies firebombed? Really?! It boggles and repels the mind.

A serious look into the Jewish question reveals an alien cabal that as a tiny minority truly does control the media and finance, as well as all other levers of power, controlling even the opposition viewpoints! One can only come to the conclusion that Hitler was guilty only of disconnecting from these powers of interest slavery and enjoying a few sweet years of freedom and widespread prosperity as a result. Only a Jewish led world war was capable of destroying the powerhouse of a free people and then propagandizing them as “evil” forever after. The final goal, certainly, is to make resistance of any kind illegal, as anti-Semitism, and punishable by death as it was the last time they had complete power during the Jewish-led Red Terror. Further inquiry into the issue reveals a complex of lies and groundless allegations that are astonishing in their scope and depth. A thinking person in full command of his capabilities can only come to the rational conclusion that further resistance is compulsory if truth, freedom, and prosperity are ever to become the birthright of Germanic people again.

The dream of freedom and prosperity and life in harmony with nature is not an impossible dream. It is the only dream there is. What our duty lies in today is teaching our young this truth and instilling in them the knowledge that truth and freedom are not only possible but worth fighting for in the most intelligent and efficient way possible and yes, ultimately, worth dying for. Keeping the kernels of truth alive is the most subversive and life-affirming action that can be taken. Support merit-based systems whenever and wherever you can. Support pure science, support beauty and balance, support nature, support true justice over vengeance, support freedom of speech, and support the truth. Support your racial kind however and whenever possible. In these actions, you keep alive a fire from which all other good things can spring. Keeping alive the memory of the Third Reich is the richest source of rebuilding what has been lost that there is. Support keeping available *Mein Kampf* and other seminal National Socialist writings. Keep hard copies in your libraries and discuss these when you can. In time, it is inevitable that they will again be taken up by the mindful people of our race. All things

come again in their time.

This faith in truth and freedom will never die until the last of us is gone from the face of this earth. Such an earth will not be fit to live in for any race, let alone ours. But, until this time has come, it is our duty to continue to strive on. Let the light of truth light your way. Nature is an unstoppable force. Align with Her and the future is ours.

# Strength Through Laughter: Introduction

## Baron

Everybody has heard the wild rumors about “secret bases.”

In South America.

On the South Pole.

On the dark side of the moon.

And, of course, in Nebraska!

**What is fact? What is fiction?**

I can help! But you know the old saying:

*I could tell you.  
But then I would have to kill you.*

This poses a dilemma for me. After all, our firm has a strict policy to STAY LEGAL. And homicide is not legal in the state of Nebraska. (Besides, you folks are not cattle rustlers!)

So I cannot reveal *too much*. But I can reveal *a little*.

First, let me prove my honesty by admitting that a few of the rumors are indeed true. (Besides, it would be downright silly and counterproductive to deny the obvious.)

**We are overstaffed and overpaid.  
(And *allegedly* oversexed.)**

The private jets, skyscraper offices, and beautiful secretaries are indeed nice.

However, *some of us* also *occasionally* work for *long hours*.

And there is another thing.

**Some of our co-workers are weird.**

Especially the Senior Executives! (And the guys in the *Research and Development Department*.)

Naturally, this sometimes causes friction.

**Nonetheless  
OUR MORALE IS VERY GOOD!**

We laugh at ourselves. And at our colleagues.

**“In-jokes” are an  
important part of  
our “corporate culture.”**

Our Human Resources Department has organized two teams. These teams compete. The goal is to see which team can tease the other team the most.

***STRENGTH THROUGH LAUGHTER***  
**is our version of**  
***STRENGTH THROUGH JOY!***

The contestants now have a SECOND goal:

**ENTERTAIN YOU!**

**Der Kampf geht weiter !**

Halbtag über nach der Kapitulation der Wehrmacht am 8. Mai 1945 ist die nationalsozialistische Bewegung wieder da! Sie ist in der Nachkriegszeit. Und zwar nicht nur in Deutschland, sondern auf globaler Ebene!  
Menschen von Moskau, Leningrad, Vorklappung und Vorklappung haben nicht am geschick, die Karte der ganzen Welt unsere heldenhaften Führer Adolf Hitler zu machen.

Alle Nationalsozialisten und sonstige  
erfahrene Volk- und Kampfgewinn  
haben Schicksal an Schicksal im Kampf um  
die Erhaltung unserer weisen Völker.  
Die Bewegung ist zwar wieder ge-  
wesen, aber die Größe des hochgelobten  
Vollzugs ist heute noch viel größer als in  
der Vergangenheit.  
Der vornehmste Gegner ist also dabei,  
das Volkstum – gegen alle neuen  
Völker (?) – zu hegen. Seine Mittel sind  
Einsamkeit, Überforderung und Kon-  
sistenz.  
Ob "legal" oder "illegal", ob im  
Wahlkampf oder im Straßenkampf, ob  
mit Propagandaarbeit handlich oder  
auf einem Schlachtfeld anderer Art. Jede  
Nationalsozialist ist seine Pflicht!  
Hail Hitler!

**Front Report**  
**Interview with Molly**  
Part Three

NSK: Your current projects are obviously philosophical and art related.

**Please describe your views on the impact of such topics in politics.**

Molly: Well I try to still update the photo gallery, but mostly I've been concentrating on Adolf Hitler and the Army of Mankind (www.mourningtheincident.com/truth.htm). I'm at 21 pages now, and I have so much more to do. Studying WWII is an absolute minefield of information. You seek out information on one thing and find two more things to research. It feels a bit like you are an archeologist, unearthing the buried past. A past that they would rather not be brought to light. We can thank the internet again for the flood of information and pictures. Extremely rare stuff has

**The Fight Goes On !**

Seventy years after the capitulation of the Wehrmacht on May 8, 1945, the postwar National Socialist movement is stronger than ever not only in Germany, but throughout Europe.

Decades of mass murder, expulsion, persecution, and defilement have not sufficed to destroy the seed of the brilliant idea of our much loved Führer Adolf Hitler.

All National Socialists and other racially-aware conservatives and racial kinemen fight side by side for the preservation of our White folk.

The movement has indeed become stronger, but the danger of biological folk death is also much greater today than in the past.

The desperate enemy is in the process of committing genocide against all White folk. His means are non-White immigration, culture distortion, and neo-racism.

Whether "legal" or "illegal", whether in election battle or street battle, whether armed with propaganda material or on a battlefield of a different kind, every National Socialist must do his duty!

Hail Hitler!
