This USPS EVERY DOOR DIRECT MAILER (EDDM) was recently sent to over 500 residents of a rural Nebraska county seat.

This pilot project was discussed in advance with both the county sheriff and the county attorney. A suspicious activity report was also sent to U.S. Immigration and Customs Enforcement (ICE).

The Illegal Immigration Pandemic has become too big for the federal and state governments alone. City and county governments must help. Every loyal American is needed! *A nation without borders stops being a nation!*

Furthermore, sheriffs need to know what happens in their counties. They know which other government agencies should be informed. And they can follow up!

This Pilot Project was conceived and financed by the family firm of a well-known free speech activist.
