Forgotten Worlds

From Atlantis to the X-Woman of Siberia and the Hobbits of Flores

Forgotten Worlds offers a new chronology of the emergence of civilization. Mysteries such as Caucasian mummies in China and the pyramids of Caral in Peru speak of great empires that existed prior to the rise of the Sumerian city states and pharaonic Egypt.

Lost Race of the Giants

The Mystery of Their Culture, Influence, and Decline throughout the World

Archaeological discoveries of 10- and 12-foot skeletons—many of which have been suppressed—confirm the existence of an age of giants before recorded history. This book examines the many corresponding giant mythologies throughout the world and finds that giants engaged in conflict with the extraterrestrial gods who created humanity for forced labor.
