## The Next Quarter Century and Beyond

Our most precious resource is man.

A man without a weapon can fight with his bare fists. But a weapon without the man to wield it is just a hunk of useless matter.

An unarmed man can create his own weapon. But a weapon cannot create the hand to use it.

Our *primary* emphasis must be on the improvement of our *human* resources: the recruitment, development, utilization, and multiplication of *activists and supporters*.

Our *secondary* emphasis must be on the improvement of our *non-human* resources: financial, physical, and technological.

We must nurture both our mind and our heart: our ideological heritage *and* the fighting spirit which alone breathes *life* into the National

Socialist Idea. Life means *hope* for the future.

An Idea needs *people*. These people are believers, followers, *champions*, who embrace it and who spread the word.

People need other people. Man is not a solitary being.

National Socialists form a living *community*. A community of *faith* and a community of *struggle*.

This consciousness of community, this sense of purpose, and this deeply felt *duty* to defy all odds and battle every enemy – despite decade after decade of relentless persecution, vilification, and sacrifice – is absolutely essential to our long-term survival and final victory.

Individuals fall away. Organizations come and go. Neighborhoods and whole cities are destroyed.

Perhaps even entire *nations* will perish during the new millennium.

*But the Race must survive!*

This realization, this commandment, is simultaneously most *sacred* and most *natural*. That is the essence of National Socialism!

This knowledge, this faith, this *duty* is our essence as National Socialists.

Duty means *effort*. Effort alone produces *results*.

Effort must be recognized, acknowledged, and thereby encouraged.

Our emphasis must be on activism. Activism worldwide. The activism of a worldwide, pan-Aryan National Socialist community of faith and struggle.

Of course, all of this is not “new”. It already dominated NSDAP/AO strategy during its first quarter century and it continues to do so in the second.

Organization, logistics, and technology are all very important. Make no mistake about that. But they are just the muscle, not the heart and the soul, of our movement.

- *Gerhard Lauck*

# Media Excerpts

**The praise from our friends gives us encouragement. However, the *recognition from our enemies* provides an even more persuasive verification of our effectiveness. It is certainly just as sincere, but less biased in our favor. And hence all the more convincing!**

“German neo-Nazis have turned to an American known as the ‘farm-belt Fuehrer’ for instructions on how to dodge police and blow up buildings, according to a top Nazi defector.

“The American, Gary Lauck of Lincoln, Nebr., has been notorious as the world’s largest printer of neo-Nazi propaganda...

“I think that this (allegation of his connection to violence) is part of a campaign by the German government,’ he said. ‘They have been trying for years to get us outlawed. The German concept of democracy is just so different from ours.

“German officials, in fact, have been calling for a crackdown on Lauck’s prop-

aganda mill...

“Late last year, Lauck was a central topic of discussion in Bonn between FBI Director Lewis Freeh and his German counterparts.

“German officials asked Freeh for help in keeping Lauck’s materials out of Germany.

“Freeh implied that the United States might be able to do more if it can be proved that Lauck has been more than a political propagandist.

“‘There is a fairly fine line where an individual may go beyond mere free speech or expressions, and begin to aid or abet (a crime in Germany),’ he said.

According to former neo-Nazi Ingo Hasselbach, Lauck has done exactly that. In a recent interview Hasselbach claimed that Lauck has become a leading figure in the German rightist movement, not only calling for terrorism but also supplying the necessary instructions.

“Lauck’s influence grew substantially after German authorities banned several rightist parties and forced their leaders to go underground, according to Hasselbach, who resigned from the rightist movement last year out of what he described as disgust with its pointless violence.

“Hasselbach, who once led Berlin’s largest skinhead contingent, said that Lauck urged German neo-Nazis to fight the government’s ban with a campaign of terrorism.

“‘He sent me a letter saying the legal way (of achieving political change) had failed and we should think about attacks against Jewish institutions...and the (Berlin city government’s pitch for) the 2000 Olympics,’ Hasselbach said. ‘With this letter I received a computer disk (containing a document called ), ‘An Armed Movement.’”

“Lauck also supplied the group with detailed instructions on how to make bombs and where to place them for maximum effect, Hasselbach said...

“Lauck has called Hasselbach a traitor to the cause and perhaps a tool of German intelligence services.” – *The Buffalo News*, February 13, 1994

**Der Kampf geht weiter !**

Seitlang führt mich die Kapitulation der Wehrmacht am 8. Mai 1945 in die nationalsozialistische Bewegung stärker als je zuvor in der Nachkriegszeit. Und zwar nicht nur in Deutschland, sondern auf globaler Ebene!  
Mahnworte von Eisenstein, Verbotung, Verdingung und Verdrängung haben nicht ausgereicht, den Kern der gesamten Idee unseres heilig geliebten Führers Adolf Hitler zu zerstören.  
Alle Nationalsozialisten sind weiterhin arbeitslos, Vertrieben und Baumgänger, stehen Schicksal an Schicksal im Kampf um die Erhaltung unserer wertvollen Volk.  
Die Bewegung ist zwar stärker geworden, aber die Gefahr des bürgerlichen Völkermord ist heute noch viel größer als in der Vergangenheit.  
Die unersättliche Gier der alten Elite, des Villenbesitzes - gegen alle weisen Völker (V) - zu beugen, kann nicht und Eisenstein, Überlebende und Baumgänger.  
Ob "legal" oder "illegal", ob im Widerkampf oder im Heimatskampf, ob im Propagandakampf, bewährte oder auf neuen Schlüsselöffnungen: An: Ihre Nationalsozialisten ist unser Führer!  
Hail Hitler!

**NSK: Your current projects are obviously philosophical and art related.**

**Please describe your views on the impact of such topics in politics.**

Molly: Well I try to still update the photo gallery, but mostly I've been concentrating on Adolf Hitler and the Army of Mankind ([www.mouningtheancient.com/truth.htm](http://www.mouningtheancient.com/truth.htm)) I'm at 21 pages now, and I have so much more to do. Studying WWII is an absolute minefield of information. You seek out information on one thing and find two more things to research. It feels a bit like you are an archeologist, unearthing the buried past. A past that they would rather not be brought to light. We can thank the internet again for the flood of information and pictures. Extremely rare stuff has

**The Fight Goes On !**

Seventy years after the capitulation of the Wehrmacht on May 8, 1945, the postwar National Socialist movement is stronger than ever not only in Germany, but throughout Europe.  
Decades of mass murder, expulsion, persecution, and defilement have not sufficed to destroy the seed of the brilliant idea of our much loved Führer Adolf Hitler.  
All National Socialists and other racially-aware countriesmen and social kinemen fight side by side for the preservation of our White folk.  
The movement has indeed become stronger, but the danger of biological folk death is also much greater today than in the past.  
The desperate enemy is in the process of committing genocide against all White folk. He means an anti-White, anti-Christian, anti-race, anti-discrimination, and neo-nazi.  
Whether "legal" or "illegal", whether in obvious battle or secret battle, whether armed with propaganda material or on a battlefield of a different kind every National Socialist must do his duty!  
Hail Hitler!
