#### **FIGHT THE ZIONIST WORLD PLAGUE**

This is probably the most difficult chapter of my writing. Not because the subject is too complicated, but because since the end of the war philosemitism (friendship to the Jews) has been officially decreed. The Jewish question is the greatest and most sacred taboo in the democrats' world of faith, and woe to anyone who touches it. Jews are untouchable in Germany today, they are protected by law, so to speak: no criticism is allowed to hit them, their doings are not observed, they rarely come to court or at least have to reckon with considerably lesser punishments.

When at the end of the fifties a flood of swastika actions at synagogues caused a sensation, the system introduced with the §130 - §131 Judenschutzparagraphen, with a maximum sentence of five years. So today in West Germany it is easier and less dangerous to break into a car, to break in or to rape a girl than to dare to try to uncover Zionist machinations in the Western democracies and especially in the FRG. On October 16, 1977, a stack of "anti-Semitic" posters was found by the police in a motor vehicle driven by me. Although I could not be proven to have pasted, I was sentenced to ten months in prison with probation. The text had nothing at all to do with the Jewish question, but was directed against those who in 1946 planned, promoted, enforced and finally carried out the execution of members of

the Reich government. It read:

**On October 16, 1946, the Jewish-Bolshevik subhumanity murdered our German imperial government. She died with the words, "Long live Germany!" Your life - your death: Our commitment! The battle begins!**

In the summer of 1978, **Wolf Dieter Eckart** was sentenced to two years in prison without parole, mainly for anti-Jewish articles in his newsletter of the Freundeskreis der NSDAP. These are terror sentences which will certainly not increase the confidence of the young generation in the alleged freedom of opinion and strengthen our conviction that the long arm of the Zionists reaches almost everywhere - also and especially into occupying German courtrooms. It is therefore a risk, if under the heading "Fighting the Zionist World Plague" I also deal courageously, honestly and openly with this opponent of the National Socialist movement.

I don't mind being locked up longer: **the truth must be told.**

Behind the known history - statesmen, peoples, generals, wars and battles, election results and conferences - there is still an invisible history. It is the history of gray eminences, anonymous advisors, hidden interest groups and, last but not least, secret societies of various directions. It is difficult to see through this activity, and only now and then do we manage to catch a glimpse of this otherwise secret struggle

:

Then we learn in amazement of the struggle of the secret orders of Freemasons and Rosicrucians for influence at the Tsar's court, of the power of the miracle monk Rasputin on Russian politics, of the Illuminati who triggered the French and the Freemasons who triggered the Russian February Revolution. We hear about mysterious and deadly oaths:

The Italian Carbonari influenced Napoleon III's Italian policy with death threats, the - Black Hand - a Serbian secret society, triggered World War I with the Sarajevo assassination, and anonymous power groups - called the "Insiders" in America - controlled contemporary Western politics.

Mafia and Bilderbergers, Freemasons and CFR, Illuminati and Rosicrucians, but also OAS, Ku Klux Klan and the Thule Society, these are the names of some of these mysterious power groups. The strongest and most influential of them, how-

ever, is a people disguising itself as a religious community, held together by an admirable sense of community and a haughty claim to chosenness. The strongest power in the background, the most terrible opponent of the Aryan rebirth is - **Zionism!**

For the Arab world, this term has become a symbol of foreign domination, oppression and delusions of conquest. The UN, with the overwhelming majority of the world's states, has solemnly outlawed Zionism. Zionism is not, as we are told, the aspiration of the Jewish people to create and maintain their own nation-state in Palestine. The state of Israel is just a bluff! It serves to create a secure base of operation for the worldwide aspirations of Zionism and, seen on its own, is not at all viable without the support of world Jewry and its servants.

### **WE DEFINE ZIONISM AS THE ORGANIZED POWER OF WORLD JEWRY!**

The Jewish question is first of all not a racial, but a völkisch-cultural problem. We do not fight against the individual Jew just because he is a Jew! For us a Jew is a human being like any other, as long as he behaves accordingly! However, we oppose unreservedly Jewish special rights and the Zionist attempt to impose a foreign will on the nations.

First of all, it must be clearly and unambiguously stated: **Judaism is not a religion, but a people!**

The Zionists themselves have always openly declared this. Thus, the Jewish minority in Germany also does not fall under the term "freedom of religion." The freedom of religious confession is fully guaranteed by us: National Socialism is not a religion but a worldview, and consequently one can be a good German whether one is Catholic, Protestant, freethinker, God-believer, or neo-pagan. However, we cannot tolerate it if a people pretends to be a religious community and thus wants to abuse religious tolerance. For example, one can speak of a "German Catholic," but not of a "German Jew!" The "German Jew" is a "black mold" or a "white negro".

A Jew remains in any case - even if he was born in Germany, or speaks German - a member of a foreign people and thus a guest and he has to behave accordingly!

This statement is in accordance with all the statements of the Zionist movement:

One can have several nationalities, but one can belong to only one people! For this reason, the Jewish question is simply a problem of divided loyalties. It cannot be denied that Jews in general are exceptionally capable and intelligent. They always

manage to occupy top positions and key positions quite quickly everywhere, especially in business and commerce, but also in politics and journalism, and thanks to their sense of togetherness they support each other and draw other racial brethren after them.

Thus we see today that in almost all Western nations Jews sit at the levers of power - most conspicuously in the USA and thus, of course, also in its most valuable colony, the occupying Republic of Germany. Even if we assume that these Jews do not want to abuse their position of power, the question remains how they would behave in case of a conflict between Jewish (or Israeli) and German interests. It must actually seem understandable to everyone if we do not like the fact that a considerable influence on the politics and the future of our people comes from members of another, foreign, perhaps even hostile, people.

This is all the more true because it is not generally known who is actually a Jew and who is not. Jews today, when they hold positions of power, rarely reveal themselves. This problem of divided loyalties is not theoretical or far-fetched. For example, the influential CDU politician Erik Burnefeld wrote in an article for an Israeli newspaper:

*"We will continue to stand together in the coming year as we strive to do the best we can for our little Israel."*

But whoever assumes that there can be no conflict of interests between Germans and Jews is right only under one condition: if he is ready to subordinate his policy to the ideas of Zionism! Obviously, this has been exactly the policy of all postwar governments:

The establishment of diplomatic relations cost us not only tribute payments in the billions as "compensation" for a state that did not even exist in World War II, but also, initially, the traditional and precious friendship of the great Arab nation, since these subjugation billions greatly facilitated the rapid construction and single-minded expansion of the Jewish state.

The conquests of Israel were excused by Bonn with understandable "security interests" (an argument that the same gentlemen do not accept for the pre-emptive strike of the German Wehrmacht in 1941 against the Soviet Union, although the German attack, according to the testimony of the Soviet General of War and later commander ROA, General Vlasov, pushed directly into the Russian deployment). On the UN Zionism Resolution, the FRG stood up to the conviction of the rest of the world with a courage that is often so sorely missed when defending German interests. The occupation government refuses to establish diplomatic relations with the PLO "Palestine Liberation Organization". Commentaries and news from the

largest press concern - Springer Verlag - read, by the publisher's own admission - one of the shadiest figures in post-war journalism anyway - like government statements from Jerusalem.

All this is clear evidence of the slavish submission of German politics to the interests of Israel and world Jewry. There is probably no minority in Germany so powerful, but also so determined to use its influence single-mindedly, as the allegedly only 30,000 Jews in Germany! We will change that!

Judaism is not a people like others:

Homeless for more than a thousand years, persecuted and despised, it survived for only two reasons:

The Jews paid more attention to their racial purity than any other people in the world - there were and are hardly any mixed marriages and against the religious prohibitions of mixed marriages the Nuremberg Race Laws seem directly liberal.

Religion gave this people, oppressed for centuries, the certainty of being superior to all other peoples of the earth - God's chosen people! - and to rule the world one day. The strict obedience which the religious rules make obligatory for the simple Jew towards the rabbis and scribes - lead to the fact that the "wise men of Zion" can direct their people according to the great plan, even if the individual Jew may have only unclear ideas about the sense and purpose of the Zionist policy. Religion gives the Jewish people the certainty of being chosen by God to rule the world one day. - The Sages of Zion follow a precise plan to actually rule this world now. Thus Zionism became the world plague. Zionists and their conscious and unconscious helpers took over key positions, control secret societies, found press empires, influence governments, control big industry and even use Bolshevism as a tool.

As unbelievable as all this may sound. Anyone who has ever come into conflict with Zionist interests - even if it is only by chance - very quickly gets to know this power:

An article in "STERN", the play of a left-wing author about the machinations of Jewish land speculators in Frankfurt, the planned filming of a novel with a negative character, a Jew, the speech of a member of the government about the birth-right of the Palestinian people - immediately one feels the power of the Zionists:

The "STERN" apologizes, the play is no longer distributed, the novel is not filmed, and so on. Mind you, the persons concerned were certainly no anti-Semites, but this shows even more clearly than the behavior towards National Socialists, who

have to live under special law anyway, how strong the persistently denied power of these foreigners is!

The correspondence of Zionist policy with the mysterious Protocols of the Wise Men of Zion is startling and thought-provoking. These Zionist Protocols form the most famous anti-Semitic book in history; almost everyone has heard of it, few have read it. The Zionists claim it is a forgery, yet they enforced a worldwide ban not a sign of good conscience, in my opinion.

The Protocols of the Wise Men of Zion are allegedly the transcript of the deliberations of the 1st Zionist Congress in Basel in 1897, at which a plan for the realization of Jewish world domination is said to have been decided. I would not like to express myself to the authenticity of this writing, since I lack in addition the knowledge, consider it however correct, if it were again freely to be bought, in order to give to the "responsible" citizen opportunity to form themselves over this mysterious book a judgement, over which **Henry Ford** said once meaningfully:

*"I don't care whether the protocols are real or fake. I only know that the events took place as they were described there."*

The ultimate goal of Zionism, in any case, is clearly world domination, the concept of "one world" - And the Zionists have indeed succeeded in coming much closer to this goal, barely a century after the Congress in Basel. The power of Zionism is enormous!

Naturally, the democratic societies of the West are very susceptible to Zionist influences, but even in communism the Zionists initially found an ideal tool for their striving for power. Always, however, there was a major obstacle on the way to world domination, which proved largely immune to the methods of the Zionists. Only intermittently did the Zionists succeed in taking over key positions here; democratic ideas found little acceptance even today; Marxism was and is vigorously rejected. This obstacle was, a great nation, socially and economically mostly at the forefront of progress, which wanted to preserve its own essence against the influences in East and West and which reacted sensitively to the gradually growing Zionist power position. This obstacle was Germany!

Without wanting to, Germany grew into the role of the real adversary since the beginning of the century - and above all without knowing it. This cluelessness became our undoing; this ignorance of the Zionist struggle against Germany caused the great catastrophes of our recent history and keeps us today in a state of complete dependence and subservience. At the same time, it is not difficult to understand:

The original, all nations natural, anti-Semitism - as a natural defensive reaction to something foreign, threatening - was gradually overcome by Zionism, by re-education in the Western democracies, by violence in extremely anti-Jewish Russia - only Germany did not get Zionism under control. That is why Zionism drove Germany into two world wars!

For the First World War this was confirmed by Wilhelm II, during his exile in Holland. The Jewish declarations of war in 1933 and 1939 against National Socialist Germany, pronounced by the Jewish World Congress, the declaration of war by England, which obviously used Poland only as a pretext - as the refusal to also declare war on the Soviet Union, which was also invading, and the later betrayal of the allied Polish government-in-exile sufficiently prove - and the entry of the USA into the war also speak a clear language for the Second World War.

But initially, after World War I, Zionism in Germany seemed to have achieved its goal. In fact, the extraordinarily high proportion of Jews in the leadership of the November 1918 revolt, which led to the dissolution and thus the final defeat of the still fighting front, surprised even well-meaning observers. It is often said that Jews also did their duty at the front - there were even Knight's Cross holders and recipients of other high honors - but it cannot be denied that there is a striking disproportion between the Jewish share at the front and that at shirking posts in the stage and home front, not to mention the already mentioned share in the completed treason of 1918.

One cannot brush aside the fact that it was Zionists who were responsible for the collapse of the home front, it was Zionists who advocated the acceptance of the Versailles Dictate and thus planned decades of servitude. It was Zionists who took a leading part in the Spartacist uprising. It was Zionists who provided the impetus for the founding of the KPD. It was Zionists who launched the Munich soviet republic. It soon became apparent that the Weimar Republic was a Zionist colony, a "Jews' Republic" - as German patriots said, who - in their understandable bitterness - made no distinction between the individual Jew and the Zionist threat, unlike us today. Zionists controlled the democratic and Marxist parties and trade unions, sat in the government, owned large publishing houses, dominated cultural life.

(Addendum of 6.3.1979:

Regarding the Jewish influence at that time, no less a person than the long-time chairman of the World Jewish Congress, **Nahum Goldman**, wrote in the "ZEIT" on January 26, 1979:

*"The four most important banks - Deutsche Bank, Dresdner Bank, Handelsgesellschaft and Discontogesellschaft - had Jewish directors; the three largest daily newspapers - Berliner Tageblatt, Vossische Zeitung and Frankfurter Zeitung - were owned by Jews and edited mostly by Jews; the two most influential German magazines - the Fackel and the Weltbühne - were run by Jews. ")*

The Zionists were - it seemed - on the verge of victory. And yet they succeeded in breaking the Zionist power in Germany. This may be a hope for us when many a comrade once despairs in the face of the enormous superiority of our enemies. National Socialism was the first great anti-Zionist movement of our time. National Socialism is condemned for a policy which today would find the approval of the majority of the states of this world, of the whole Arab nation and of many honest and anti-Zionist leftists. With the German rebirth, the awakening of our nation, the German people once again became a decisive obstacle to the Zionist plans for world domination. The Jewish declaration of war was immediate, the outbreak of the Second War of Annihilation against our fatherland was only a matter of time.

**Der Kampf geht weiter !**

Selbstig Ideen nach der Kapitulation der Wehrmacht am 8. Mai 1945 ist die nationalsozialistische Bewegung stärker als je zuvor in der Nachkriegszeit. Und zwar nicht nur in Deutschland, sondern auf globaler Ebene!  
Inhalte: von Völkermord, Verbrechen, Verfolgung und Verurteilung haben nicht ausgereicht, das Karma der gesamten Rasse unserer hoch gebildeten Vorfahren Adolf Hitler zu waschen.  
Alle Nationalsozialisten und sonstige arbeitsfähige Völker und Rassenmitglieder sollen Schüler an Schulen im Kampf um die Erhaltung unserer weißen Völker.  
Der Bewegung ist zwar nicht gut zu tun, aber die Gefahr des biologischen Völkermord ist heute noch viel größer als in der Vergangenheit.  
Der verantwortliche Gegner ist eben dabei, das Volkstum - gegen alle weißen Völker (?) - zu beseitigen. Seine Mittel sind Erziehung, Überführung und Auswanderung.  
Ob "Nazi" oder "Hitler", ob in Wahlkampf oder im Streikkampf, ob als Propagandamittel benutzt oder auf einem Schulbuchdeckel: der Jude Nationalsozialist ist unser Feind!

Studying WWII is an absolute minefield of information. You seek out information on one thing and find two more things to research. It feels a bit like you are an archeologist, unearthing the buried past. A past that they would rather not be brought to light. **The Fight Goes On !**

Seventy years after the capitulation of the Wehrmacht on May 8, 1945, the postwar National Socialist movement is stronger than ever not only in Germany, but throughout Europe.  
Dozens of mass murder, expulsion, persecution, and defilement have not sufficed to destroy the seed of the brilliant idea of our much loved Führer Adolf Hitler.  
All National Socialists and other racially-aware citizens and racial kinemen fight side by side for the preservation of our White folk.  
The movement has indeed become stronger, but the danger of biological folk death is also much greater today than in the past.  
The desperate enemy is in the process of committing genocide against all White folk. The means are non-White immigration, culture diversion, and re-orientation.  
Whether "Nazi" or "Hitler", whether in election battle or street battle, whether armed with propaganda material or on a battlefield of a different kind: every National Socialist must do his duty!  
Hilf Hitler!
