Unsung Heroes of the White Race

Part 7

We Are the Torchbearers!

In the 1920's, Adolf Hitler created the White Peoples' movement of National Socialism, and it grew to become the mightiest ideological phenomenon in history. In the 1930's, he led it to political power and established the modern world's first White racial state. In the 1940's, National Socialists went down to the last shot against Jew-sponsored forces of Western Capitalism and Eastern Communism. In the 1950's, George Lincoln Rockwell replanted the Swastika in America and hoisted it to its first postwar success in the 1960's. In the 1970's, the Movement recovered from his assassination, conducted mass-actions on a hitherto unprecedented scale and won world-wide recognition. In the 1980's, due to human failings, subversion and internal chaos, the Movement virtually collapsed, but was saved by the persistence of *The New Order*, which weathered the storm and became a fixed bulwark around which old comrades and new ones could gather. In the early 1990's, National Socialism is reasserting itself on an international level, with vast, untapped areas of support opening up in Eastern Europe.

This, in a nutshell, is the history of the National Socialist Movement. No individual who happened to live at any particular moment in its development could have guessed of the earthshaking events to come, both good and evil. A provincial Bavarian who joined Adolf Hitler in 1921 never dreamed that Germany, trampled

underfoot after the First World War, would be leading the European Continent in a crusade against Soviet Russia only twenty years later. With the death of Commander Rockwell, any hope of regaining the White masses he reached seemed lost forever; yet, a few years later, they returned to cheer us, and in even greater numbers. To anyone who stood among the crowds of White Power t-shirts, final victory seemed only a matter of time. But not to be. And the Movement passed through a long decade of survival, brightened mostly by the underground battles of *The Order* in the mid-1980's. Now there is light on the horizon, and our Cause is picking up steam again.

What Our Struggle Really Means

Our own past teaches us, 1) no one can anticipate what lies ahead, and 2) each generation has its own task to fulfill.

The German Brown-shirts of the 1920s', the international S.S. detachments in World War II, Commander Rockwell's Stormtroopers and Marquette Park's crowds in White Power t-shirts all fought for the same goal - White Victory. And each achieved part of the final triumph they helped make possible in the future. Only the specific tasks they were given to achieve that victory were different. The Brown-shirts enabled their leaders to get elected. The European S.S. men defended civilization with armed resistance. Rockwell's Stormtroopers made his public speeches possible. Activists in White Power t-shirts fought for their families and community against nigger invasion. What, then, is our task? How are we to work for White Victory?

We Are the Torchbearer Generation

This means that it is our task to keep the National Socialist Idea alive for the next phase soon to come, when the masses of our people will again be receptive to the concept of White Victory. That time is just around the corner, as Americans reach the end of their patience with nigger savagery and economic chaos. Millions of Hungarians, Croats, Slovenes, Romanians, Poles and even Russians are awakening to the Jewish bacillus and beginning to look to us for leadership.

Future generations will remember us with compassion, admiration and envy. Compassion for our difficult passage through a Dark Age of ignorance and terror. Ad-

miration for our courage and determination to uphold our ideals in the face of overwhelming opposition. Envy for the opportunity we have in this hard time to prove unquestionably our will power and our loyalty to our race, thus winning ourselves a unique and venerated position in the history of National Socialism.

We are not permitted to see what lies ahead. But when we set out on this revolutionary quest, each one of us was given an instinct for victory, towards which we must march. For us, our watch words are: *"Victory or Death!"* The Movement's victory means life for our White Race; our failure (and we can only fail if we quit) means the death of our people. But rest assured: An Idea that can survive the devastation of World War II will certainly outlast the present Dark Age!

The Future: For Whites Only!

We are by no means alone. Only look over your shoulder, and you will see the masses in their White Power t-shirts. Behind them are Rockwell's Storm-troopers. Further back are the millions of Europeans who fought under the Swastika Race Standard from North Africa to Stalingrad. Behind them are the Brown-shirt legionnaires who won the streets for their Fuehrer. We are at the head of that half-century long march. We dare not stumble or quit!

So what if millions of us have been killed? The Movement still rolls forward and nothing on earth has been able to stop it! So what if the niggers and spicks have rotted out our cities? All the better to build new and more beautiful ones *in a future for Whites only!* So what if we have made bad mistakes, and worse? We are only mortal human beings striving for the superhuman!

We have had wonderful Golden Ages in our brief history - the Third Reich, the Rockwell years, and the triumphs in Chicago. There will be more to come, and no less splendid. An all-White planet beckons in the coming Century. Great things lie ahead - not far. We are even now beginning to make them out in the glimmer of our torch. The time will someday be at hand when those who come after us will look back on our unflinching determination from the vantage point of an all-White Earth and remember us with deepest respect - *They were the torchbearers!"*
