# Why I Joined the NSDAP/AO

**Vicenç Espallat**

Around September 2014 I was feeling very disillusioned with the state of affairs in the USA today. This is no longer the country my parents and I came to by choice! We have degenerated into an oligarchical plutocracy. We are all now tax cows, interest slaves, and working stiff (among all the other problems--illegal immigration being a big one in the area where I live).

I remembered what my father had said about "Hitler had some good ideas..." and I wondered whether there was such a thing in America. So on a whim I searched Google. There was such an organization! So I contacted them, and sent them a letter of introduction. Its leader recognized that I was "a good writer" and asked whether I would be willing to write an article for them. I sent the article, then another, then another... I had very little contact with them other than an occasional request for another article.

I was a little disappointed at the scant communications. But in my research for writing these articles I stumbled

**An Introduction to the NSDAP/AO:**

***THE FIGHT  
GOES ON!***

across some information, which turned out to come from an Internet forum. So I looked into it further, and joined. Very soon a NSDAP/AO recruiter contacted me and asked whether I would be willing to help.

Unlike the other group, their communications with me were frequent, and I finally felt as if I had an opportunity to do “something” for a greater cause. All I expected to do was contribute by translating documents. However, they immediately recognized that I had “other abilities” and did not delay in putting them to use.

At this point I did some research to find out just who Gerhard Lauck was. I read all I could find about him. Much of this is written by “the enemy.” But I know how to read between the lines and I am capable of taking the source into account in my analysis. They also provided some autobiographical material in the packet of information they sent me, and I heard some radio programs where he was interviewed. In short order I decided that Gerhard Lauck was a man I respected and would be happy to work for.

All this time (and for the past several years) I've been working for a local government organization. What was Hitler's original title for *Mein Kampf*? It was *Viereinhalb Jahre (des Kampfes) gegen Lüge, Dummheit und Feigheit*, or *Four and a Half Years (of Struggle) Against Lies, Stupidity and Cowardice*. That summarized my job perfectly. Lies, stupidity and cowardice. (I can share some articles in the press about the organization where I work. The local newspapers have a field day with us. They refer to our Board of Directors as: well, I'll leave that out! Just to give one trivial example from my daily life, as the IT Manager I am the one asked to set up a lap top and projector in the Board Room when they need it. No one else seems to have the intelligence or ability to hook up a laptop to a projector and turn it on. But even so, when I would come in to do it, they would then direct me... “plug the laptop in, and hook up the Ethernet cable to the Ethernet port, and the VGI cable to the projector...” Thank you, Dr. Science, for treating me as a five year old!)

Gerhard Lauck's treatment of me is at the opposite end of the spectrum! “Here is a guy with some ability, let's see where we can best use him.” What a refreshing contrast!

So in summary, what attracted me about the NSDAP/AO is that there is competent leadership, the man in charge is not above communicating with the “minions,” and the organization has been doing something worthwhile for over four decades. I did look into other organizations, but I'm not too keen on wearing uniforms and engaging in street activism. There is nothing wrong with these activities, they just weren't something that attracted me, nor was there much opportunity to do this sort of thing in the rural area where I live.

To date, nothing from the NSDAP/AO has bored me. It has been a challenge, in

the positive sense of that word. I've enjoyed doing all the work I've been given. As to what I've found confusing I can only cite the idiosyncrasies of any product put out by our software vendor. It took me a little while (less than a month) to fully grasp the work-flow, but I feel that I'm on top of it now. The more I've learned about the organization, the more I've come to appreciate how well run it is.

# **Strength Through Laughter: A Glimpse Inside Our Operation**

**Baron**

Many people, friend and foe alike, are curious about the inner workings of our operation.

As a long-term participant I have had more than just a slight glimpse into our operation.

However, security must always be considered. Not just mine. Everybody's! Therefore, I must choose my words carefully. Very carefully.

Imagine the following scenario:

**You work in an insane asylum.**

**One day the inmates revolt and take over. You have to think fast in order to save yourself. You have a great idea.**

***You decide to pretend you are one of the inmates!***

**Of course, this is a delicate balancing act.**

**On the one hand, if you act *too normal*, you won't pass as crazy.**

**On the other hand, if you act *too crazy*, you won't be taken seriously and have any say in the new regime. (Remember, we're talking about inmates of an insane asylum. NOT elected government officials!)**

**In other words, you have to consistently act and talk *half-crazy, half-normal*.**

Of course, this comparison between our office and an insane asylum is an exaggeration. But I refuse to specify the *degree* of exaggeration.

If any.

## Niels Mandell out of time

It has come to the attention of the editorial staff that the old nationalist fighter Niels Mandell has passed away. 75 years old. Comrade Mandell came into contact with the Nordic National Party as early as 1967, when he was living in Finland, and later moved to Sweden, and became active in the Nordic National Party. Often you could see the comrade in central Stockholm, with NRP comrades, selling the official organ of the Nordic National Party, Nordisk Kamp, which was in the 1960s-1970s, Sweden's only printing boycotted national newspaper, since the Social Democratic union Typograferna, boycotted the printing of Nordisk Kamp in the early 1960s. Comrade Mandell later joined Bevara Sverige Svensk, which became the Sweden Democrats, and participated in the building of SD. Mandell was also a graphics expert, and produced many of SD's stickers and posters during SD's early formative years. It is always sad and regrettable when old fighters take their seats in Valhall, and both the sun wheel flag and the Swedish flag are lowered now that Comrade Mandell is no longer with us: Comrade Mandell - Present!

ARBEITERPARTEI AUSLANDS- UND AUFBAUORGANISATION

Heft 100 20. April 1937 (133)

**Der Kampf geht weiter !**

Seit vier Jahren nach der Kapitulation der Wehrmacht am 8. Mai 1945 ist die nationalsozialistische Bewegung stärker als je zuvor in der Nachkriegszeit. Und zwar nicht nur in Deutschland, sondern auf globaler Ebene!

Adolf Hitler war ein Mann von Massentum, Völkertum, Volkstum und Volkstum haben nicht ausgeblendet, das Seine für das große Volk eines hoch gebildeten Führers Adolf Hitler zu werden.

Alle Nationalsozialisten und sonstige arbeitsfähige Völker- und Rassenmenschen sollten Schüler an Kampf um die Erlangung neuer Völker sein.

Die Bewegung ist eine starke geworden, aber die Größe des biologischen Volkstums ist heute noch viel größer als in der Vergangenheit.

Der vorweltliche Gigant ist also dabei, das Volkstum - gegen alle Völker (V) - zu bringen, seine Völkertum und Volkstum, Volkstum und Volkstum.

Oh "Hitler" oder "Hitler", ob in Wahrheit oder im Bewusstsein, ob nur Propagandakunstwerk, ob nur auf einen Schicksalsschlag, ob nur Nationalsozialist ist seine Pflicht!

NSK: Your current projects are obviously philosophical and art related.

Please describe your views on the impact of such topics in politics.

Molly: Well I try to still update the photo gallery, but mostly I've been concentrating on Adolf Hitler and the Army of Mankind ([www.movingthethreshold.com/truth.htm](http://www.movingthethreshold.com/truth.htm)). I'm at 21 pages now, and I have so much more to do. Studying WWII is an absolute minefield of information. You seek out information on one thing and find two more things to research. It feels a bit like you are an archaeologist, unearthing the buried past. A past that they would rather not be brought to light. We can thank the internet again for the flood of information and pictures. Extremely rare stuff has

**The Fight Goes On !**

Seventy years after the capitulation of the Wehrmacht on May 8, 1945, the postwar National Socialist movement is stronger than ever not only in Germany, but throughout Europe.

Decades of mass murder, oppression, persecution, and defilement have not sufficed to destroy the need of the brilliant idea of our much loved Führer Adolf Hitler.

All National Socialists and other racially-aware countrymen and racial kinmen fight side by side for the preservation of our White folk.

The movement has indeed become stronger, but the danger of biological folk death is also much greater today than in the past.

The desperate enemy is in the process of committing genocide against all White folk. His means are non-white immigration, culture distortion, and race-mixing.

Whether "legal" or "illegal", whether in election battle or street battle, whether armed with propaganda material or on a battlefield of a different kind, every National Socialist must do his duty!

Hitler Hitler!
