## Your Responsibility!

*Each individual among us should act and work in his manner as if he were alone, and as if the well-being of future generations rested solely on him.*

Johann Gottlieb Fichte

The greater the threat, the more desperate the situation, the worse the odds...all the more important is the maximum effort by every single individual. Waiting for more “favorable circumstances” or “until the time is ripe” is never a choice. Perhaps it is in terms of specific tactical moves, but not terms of deciding between some kind of meaningful action and inaction.

The fight to save our race will be a long and difficult one. Maintaining our morale is essential in the long run.

Individual comrades, leaders, and organizations will rise and fall. But the fight goes on!

Neighborhoods and cities – perhaps even regions and entire countries (!) - may be lost. But the fight goes on!

Years, decades, lifetimes, even centuries may pass before final victory is won.

My mentors included comrades who carried on the fight even after TWO World Wars and the disaster of 1945!

None of us of the postwar generation has experienced anywhere near that amount of suffering and despair!

Their example provides us with both encouragement and obligation!

Make no mistake! We have lost far more people – including some of the best and most dedicated comrades - to a breakdown of morale than to “enemy action”. Nobody is immune to despair and exhaustion, but we can and must take steps to combat this!

On the one hand, each of us must take his role in this fight seriously.

On the other hand, none of us should overestimate his own significance.

Nonetheless, even one apparently tiny act of resistance can have far reaching repercussions. History has shown this time after time.

Nobody can foresee the future. But we can all plant as many seeds as possible... and hope that at least one grows into a mighty oak!

## Part Ten Medical Experiments

The medical experiments here relate to health, happiness, and productivity.

Not eye color.

But some of them are bizarre!

### **The “metric aging system” keeps people young!**

The inventor of this system also discovered that the conventional interpretation of intelligence test scores is wrong. *Lower* score actually means *higher* intelligence. Not the other way around.

In his case, 29 is both his “metric age” and his intelligence score. Both stay the same. Year after year. And decade after decade.

This provides the additional advantage of being easy to remember.

Who could dispute this logic?

**There is also huge interest in *senior sex*.**

Women tend to live longer than men.

Older men often have difficulty with sexual performance.

Therefore, a medical breakthrough in this area would be very beneficial for mankind.

And extremely lucrative!

There is no shortage of volunteers for human experimentation.

But selection process is very strenuous.

There is an old saying:

**It is a *hard job*!  
But *somebody* has to do it!**

**Der Kampf geht weiter !**

Seitlang führt mich die Kapitulation der Wehrmacht am 8. Mai 1945 in die nationalsozialistische Bewegung stärker als je zuvor in der Nachkriegszeit. Und zwar nicht nur in Deutschland, sondern auf globaler Ebene!  
Militärische von, Wissenschaft, Vererbung, Verfügung und Vererbung haben nicht ausgereicht, den Kern der gesamten Idee unseres heilig geliebten Führers Adolf Hitler zu zerstören.  
Alle Nationalsozialisten sind ewiggetreue Volksgenossen und Kampfgemeinschaften stehen Schulter an Schulter im Kampf um die Erhaltung unserer völkischen Volkart.  
Die Bewegung ist zwar stärker geworden, aber die Gefahr des bürgerlichen Völkertums ist heute noch viel größer als in der Vergangenheit.  
Die unersättliche Gier der alten Welt, den Völkern – gegen alle weisen Völker (V) – zu bringen, kann nicht und wird nicht aufhören, Überforderung und Kampfbereitschaft.  
Ob "legal" oder "illegal", ob im Widerkampf oder im Übermaß, ob im Propagandakampf, bewaffnet oder auf einem Schlachtfeld anderer Art: Jeder Nationalsozialist ist unser Führer!  
Heil Hitler!

**NSK: Your current projects are obviously philosophical and art related.**

**Please describe your views on the impact of such topics in politics.**

Molly: Well I try to still update the photo gallery, but mostly I've been concentrating on Adolf Hitler and the Army of Mankind ([www.mouningtheancient.com/truth.htm](http://www.mouningtheancient.com/truth.htm)) I'm at 21 pages now, and I have so much more to do. Studying WWII is an absolute minefield of information. You seek out information on one thing and find two more things to research. It feels a bit like you are an archeologist, unearthing the buried past. A past that they would rather not be brought to light. We can thank the internet again for the flood of information and pictures. Extremely rare stuff has

**The Fight Goes On !**

Seventy years after the capitulation of the Wehrmacht on May 8, 1945, the postwar National Socialist movement is stronger than ever not only in Germany, but throughout Europe.  
Decades of mass murder, expulsion, persecution, and defilement have not sufficed to destroy the seed of the brilliant idea of our much loved Führer Adolf Hitler.  
All National Socialists and other racially-aware countriesmen and social kinemen fight side by side for the preservation of our White folk.  
The movement has indeed become stronger, but the danger of biological folk death is also much greater today than in the past.  
The desperate enemy is in the process of committing genocide against all White folk. He means an anti-White, anti-racial, anti-culture, anti-discrimination, and neo-nazi.  
Whether "legal" or "illegal", whether in obvious battle or secret battle, whether armed with propaganda material or on a battlefield of a different kind every National Socialist must do his duty!  
Heil Hitler!
